

*Computer Classes
Schedule of Summer*

Foundation for Successful Solutions (FSS) welcomes people with disabilities. If you need any access accommodations or materials in alternate format, please contact us seven working days in advance of any class or event.

Continue to support us by letting others know about our programs. Consider making a donation, no amount is too small. We depend on charitable contributions. To contribute financially to FSS, please make your check payable to: *Foundation for Successful Solutions*. Our mailing address is 5213 West Pico Blvd., Los Angeles, CA 90019.

Our mission remains the same . . . to provide solutions for success to traditionally underserved groups, through experiences and opportunities that blend the "high-tech, high-touch" skills required to compete and thrive in the 21st Century. Our programs focus on: Technology access, literacy & fluency; literacy & communication skills; information & communications technologies; employment skills development; education and vocational training, and; community collaboration & networking.

Classes & youth programs are free for income qualified individuals.

Classes at the and Tom Bradley FamilySource Center are funded in part by the City of Los Angeles. Participants must reside in the City of Los Angeles and meet income eligibility guidelines.

Technology Empowering Community & Home

FSS is an agency partner of the Tom Bradley FamilySource Center

Computer Classes Summer 2011 Schedule July 5 - Sept 1

**Tom Bradley Family Source Center
5213 West Pico Blvd, LA 90019**

Beginning July 1, class Sign-ups will be taken, and in-person at the Bradley Center, and by phone at 323.300.6077, July 11. Class size is limited. Sign-ups taken on a first come, first served basis with priority given to first-time students living within the City of Los Angeles. Students who have taken the same class two or more times will be put on the wait list for that class, if they wish to take it again.

To guarantee a seat in the class, students **must** attend the first day of class. Students with more than two (2) unexcused absences will be dropped from class. Class schedule is subject to change without notice. **Class fees:** Sliding-scale of \$0—\$30 per class, based on household income and city of residence.

Instructor: L. Ball

Description: Need to gain or enhance your computer and Internet skills for employment? For beginning, intermediate & advanced level users. This course covers basic computer skills, beginning and intermediate level key MS Office applications (Word, Excel, PowerPoint), and core Internet skills. Self-based, computer-based courseware is included (MS Word, Excel, and PowerPoint). *Participants must have completed the Basic Skills: Intro to Computers course or have basic computer skills.*

New Class!!

Spanish For Living A Conversational Spanish Class

Tues & Thurs 6:00PM—8:00 PM
Instructor: A. Jackson Fee: \$33

Description: This course is a beginning Spanish class designed for students with no previous knowledge of the Spanish language. Students will learn basic Spanish which is used in the everyday life of a person living in a city. Students who get the most out of this course spend at least 5 additional hours outside of the classroom practicing and studying course materials. Materials are available in class as a part of the instruction.

Summer Tech Workshop Series

Digital Skills Literacy for the Workplace

Tues & Thurs 4:00-6:00PM
Instructor: L. Ball Fee: \$25

Description: Need to gain or enhance your computer for employment, your organization or a special project? For beginning and intermediate level users. This course covers basic computer skills, beginning and intermediate level key MS Office applications (Word, Excel, PowerPoint), and core Internet skills. Self-based, computer-based courseware is included (MS Word, Excel, and PowerPoint). *Participants must have completed the Basic Skills: Intro to Computers course or have basic computer skills.*

Working Online- Crowdsourcing*

Tues & Thurs 2:00-4:00PM
Instructor: P. Calderon Date: TBD

Description: Hide your resume, hide your job search and hide your bosses too. Crowd sourcing is here and it's easier than ever to get the gig. Join us for a fun immersive workshop that introduces you to the hottest job trend call Crowd Sourcing. No need to interview or get dressed up for an interview. We'll show you what crowd sourcing is and some of the best websites for working from home. It's the best time ever to leverage your skills and make money WITHOUT A BOSS. *Participants must have basic computer skills.*

Crowdsourcing is the act of outsourcing tasks, traditionally performed by an employee or contractor, to an undefined, large group of people or community (a "crowd"), through an open call.

2011 Summer Algebra Institute

Six Weeks Only :: July 6 thru August 15

For Students Entering Grades 6-10th
Days: Mondays, Wednesdays & Fridays
Time: 2:00-6:00PM
Fee: Sliding Scale Based on Income

Did you know that for thousands of years, Africa was in the center of discoveries in mathematics? That a Black man designed the system of computers used by search engines, like Yahoo? That in the near future, one in three new jobs generated in California will require a college degree? And, that math literacy is one key to economic equality? The FSS summer Algebra Institute brings technology, algebra, college planning, and African and African American history together in a unique six-week program for middle and high school youth. Is your teen college bound? Does he or she need extra help in math? Help make your teen's summer, self-affirming, fun, and educational. Get them on the college track. The FSS-Project T.E.C.H. 2008 Summer Algebra Institute starts July 7 at the Tom Bradley Youth and Family Center, located at 5213 West Pico Blvd., just west of La Brea Ave. in Mid-City Los Angeles. For more information or to receive an application by mail, call 323.300.6077.

We Welcome Seniors
