AGENDA

- 1). **Determination to continue to hold meetings virtually:** The Board of Neighborhood Commissioners (BONC) and the Department of Neighborhood Empowerment, with guidance from the Los Angeles City Attorney, have established that BONC has the authority to adopt AB 361 Findings Pursuant to Government Code Section 54953(E)(1)(b)-(c) on behalf of the City’s neighborhood councils, and to determine that due to the Covid-19 state of emergency, meeting in person would present imminent risks to the health or safety of attendees. This meeting is being conducted virtually pursuant to that directive.
- 2). **Welcome & Call to Order; Review of UNNC Standing Rules for Committee Stakeholder Voting Participation; Introductions and Voting Affirmations; Review of the Agenda**
- 3). **Public Comments** (1-2 minutes per speaker)
- 4). **Proposed Resolution RE Mills Act Historical Properties Contract Program Assessment (Citywide):** Discussion of proposed changes to the City’s “Mills Act” Historical Properties Contract Program. The initial Report proposes program changes that affect current contract holders, many of whom reside in CD10 and UNNC, including cancellation (“nonrenewal”) of older contracts. The Committee may recommend a Resolution to be voted on at the UNNC Governing Board meeting on July 7, 2022. – DISCUSSION AND ACTION

Background:

The Mills Act Historical Property Contract Program has served as Los Angeles's primary financial incentive for historic preservation since 1996, offering property tax savings for owners who invest in the rehabilitation and restoration of historic buildings.

Enabled by state legislation in 1972, the Mills Act offers a unique tool for historic preservation through a revolving 10-year contract between the City and the property owner. Contracts are automatically renewed each year and are transferred to new owners when the property is sold. The program’s strength is that it incentivizes – through a property tax abatement – significant investment in historic preservation to retain and protect historic resources.

However, the Planning Department's staff says it has struggled to keep up with the program's administration. In 2020, the Department commissioned a study to see how to "improve" the program and help with staffing. More recently, this is described as "an effort to strengthen and potentially expand the program" and "an assessment study to identify operational and administrative improvements to make the program more effective and sustainable, with a focus on how to encourage a more equitable distribution of the program’s benefits."

The initial report and recommendations are now released, and they include a significant recommendation with effects for UNNC stakeholders who own historical properties. A key recommendation is the proposed non-renewal of all Mills Act contracts more than 10 years old. Another proposal is to possibly terminate contracts with changes of ownership.

There will be a hearing/workshop at the Cultural Heritage Commission on July 21 at 10 a.m., and a second staff-based public workshop on August 8 at 6 p.m.

- 5). **Follow-up to Previous Cases, ENS, and Old Business. -- DISCUSSION AND ACTION**
- 6). **Adjourn**

Telecommunication Relay Services

Telephone communication is one of the most important forms of communication in society today. Due to advancements in technology, telephone devices have evolved with new services and capabilities. Individuals who are deaf and hard of hearing, and individuals with a speech disability are following these trends and are rapidly migrating to more advanced telecommunications methods, both for peer-to-peer and third-party telecommunications relay service (TRS) communications.

Telecommunications Relay Service is a telephone service that allows persons with hearing or speech disabilities to place and receive telephone calls. TRS is available in all 50 states, the District of Columbia, Puerto Rico and the U.S. territories for local and/or long distance calls. TRS providers – generally telephone companies - are compensated for the costs of providing TRS from either a state or a federal fund. There is no cost to the TRS user. What forms of TRS are available? There are several forms of TRS, depending on the particular needs of the user and the equipment available: TRS includes: Text to Voice TIY-Based TRS; Speech-to-Speech Relay Service; Shared Non-English Language Relay Service; Captioned Telephone Relay Service; Internet Protocol Relay Service; and Video Relay Service.

Please visit this site for detail descriptions:

<https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>

Don't hang up! Some people hang up on TRS calls because they think the Communications Assistant (CA) is a telemarketer. If you hear, "Hello. This is the relay service . . ." when you pick up the phone, please don't hang up! You are about to talk, through a TRS provider, to a person who is deaf, hard-of-hearing, or has a speech disability.

If you have limitations hearing or speaking a specially-trained CA can relay telephone conversations for all of your calls. In California, dial 711 to reach the California Relay Service (CRS). If you prefer having your calls immediately answered in your mode of communication, dial one of the toll-free modality- and language-specific numbers below. The call will be routed to the CRS provider.

Federal regulations specify very strict confidentiality requirements for CAs of all Relay services. No part of the conversation that takes place between callers is revealed or recorded in written, verbal, or any other form. CRS CAs do not participate in the conversation and acquire no benefit from information relayed.
