# COYOTES IN THE NEIGHBORHOOD

UNNC Neighborhood Council is hosting a presentation on “Walk on the Wild Side with LA Animal Services!”

Neighborhood Stakeholders have observed an influx of coyotes, trotting down streets, in backyards, on front porches via home cameras.

Why are we seeing these wild animals in urban areas? Is it safe? Are our pets and small children safe in their yard? What if the animal has rabies?

The City of Los Angeles Department of Animal Services, Wildlife Specialist has the answers! Find out the do’s and don’ts when encountering a coyote.

Wildlife Specialists will share information on how to safely coexist with wildlife and ways to keep us and our pets safe.

Date: Thursday, October 6, 2022  
(Before the Governing Board Meeting)

Time: 6:00pm-6:30pm Presentation  
6:30pm-7:00pm Q & A

Who: Wildlife Specialists  
(Presentation and Q&A)  
LAPD (First Responder Questions)  
CD 10 Representative  
(Questions related to the City)

Where: Zoom - Follow link on the agenda found on the [UNNC calendar](#)
