### \* **South Los Angeles Community Plan Update and Draft Environmental Impact Report**

Prepare recommendations to UNNC Executive Committee regarding UNNC’s written commentary on the South Los Angeles Community Plan Update, and related Draft Environmental Impact Report (DEIR), and related Community Plan Implementation Ordinance (CPIO). Discuss of possible additional “change areas” requests. Comment period ends February 1, 2017. – **DISCUSSION AND ACTION**

*The South L.A. Community Plan (basically bounded by Arlington on the east and Pico on the north) sets out both policies and, importantly, new zoning that is expected to be in place for another 20 years. The general purpose of the Plan is to manage growth, direct development to “appropriate” new locations, address neighborhood and community issues, and protect neighborhood character while promoting new housing initiatives on the major commercial corridors and near Expo Line stations.*

*The South L.A. Community Plan proposes a “CPIO” with subareas for such commercial streets as Washington, Western and Jefferson; plus a new Neighborhood Character CPIO overlay for ten neighborhoods including Angelus Vista; “change areas” where different zoning is being proposed; height districts; and Transit Oriented Districts adjacent to light rail stations.*

*The South LA Community Plan primarily covers UNNC neighborhoods Harvard Heights, Angelus Vista, Western Heights, Kinney Heights and the eastern portion of Jefferson Park, and its initiatives will impact UNNC’s commercial boulevards AND will impact how many additional housing UNNC will need to absorb in the coming years.*
