Stevie Stern presented a funding request for a digital camera. The camera will be used to document UNNC sponsored events and projects. A shock resistant and waterproof camera is recommended. Stevie Stern asked that the floor be opened for discussion regarding the \$175 spent per month for food at the monthly governing board meetings.

Committee members and other commentors noted that the meetings start at 6:30 and that many people don't have time to go home and eat and get to the meeting on time. The average cost of the food is \$7 per person. It was noted that the meeting normally runs to 9 p.m. and has run to 10 p.m. on numerous occassions. It was also noted that the food encourages community members to join us for sometimes long meetings where their input does not occur until late in the meeting. It was felt that overall the food was beneficial to the smooth functioning and harmony of board meetings.

No motion was made to forward the issue to the Governing Board for consideration.

Billie Green presented a current draft of an ad proposed for the Neighborhood News. Various suggestions were made.

Billie Green discussed board member attendance. No current issues. The executive committee restated support for the policy of asking board members to notify the chair before leaving the board meeting.
