A Volunteer is needed to take photos south of the 10.

Raul Claros (213-744-2111) introduced himself as field representative for Assemblymember Mike Davis. About 1000 folks came out for their job fair, and 800 toys were distributed to community organizations. Board members are invited to their 2010 Martin Luther King event on Friday at the California African American Museum from 6pm to 9pm. Assemblymember Davis is also interested in meeting with Neighborhood Council presidents on a periodic basis.

Laura Meyers stated that the Draft EIR report for the 10th and Washington development is available. It comes in two very large volumes at about 1000 pages each. The issue will be covered at the January 20th Planning and Zoning meeting. There is a copy at the Washington Irving Library.

Council District 10 Update – Albert Lord:

All city departments are asked to cut 20% including city council offices. Wendy Fraticelli has been promoted to work at the downtown CD10 office. Albert Lord now covers all UNNC for CD10.

Albert also informed those who weren't aware yet that Mamie Clayton's son Avery Clayton passed away in December. He was curating a significant collection of African American historical materials, due to be exhibited in Culver City.

Albert wants to point out the nuisance graffiti can also be addressed by providing paint rollers and paint to business owners.

There is a problem with wire theft from street lights. Note there is a \$1000 reward for reporting and testifying against taggers and illegal dumpers.

There is a program for Christmas tree pickup, but it seems to be progressing slowly. If you see a big problem area with multiple trees, please let Albert know. 323-804-5673 cell.

Department of Neighborhood Empowerment (DONE) update by Christina Ortega-Libatique:

Stevie Stern announced that Christina Ortega-Libatique will no longer be our liaison to DONE. She is now with the Census office at the city.

The Board of Neighborhood Commissioners is forming a bylaws task force for Neighborhood Councils to standardize bylaws to a template across the system. Saturday January 23rd is the kick off meeting. Stevie feels that this meeting is important and UNNC should be represented and monitor. 4927 Huntington Drive, Suite 200, Los Angeles, 10-2 pm.

Stevie also announced that numerous board members still need to take ethics training. About half of the board has not completed training. It does have to be renewed every two years.

EXECUTIVE COMMITTEE

- A. Request for UNNC to partner with 2nd Call to assist with outreach in the community for a Resource Fair on February 21st, at Benny H Potter/West Adams Avenues Park. Skip Townsend presented for 2nd Call.

Skip Townsend acknowledged a previous UNNC grant that was very helpful.

2nd Call has teamed up with the IBEW. 45 individuals have been successfully introduced to career union work.

Skip works directly with youth in the community to help re-engage them in productive work.

Skip wants to bring more community members into engagement with the 2nd Call community. Skip explained Hood Day, divided by Arlington. February 20th east of Arlington, and February 21st on the west of Arlington. Skip's event falls on February 21st by design to engage gang members.

Skip also discussed the history of gang intervention. Bo Taylor, founder of Unity 1, was an influential local gang interventionist who mentored Skip and worked with local activists such as Paysinger and Connie Rice.

Skip needs help with organizing and tracking his volunteers and general organization and

logistics management. Skip needs a fax machine. He needs help getting big attendance.

Gus Harris, Jr. seconded.

Vote: Approved unanimously.

Gus Harris Jr. volunteered to lead an ad-hoc committee to provide organizational support. Laura Meyers offered to provide input on requirements for putting on an event at the Benny Potter Park.

COMMITTEE UPDATES

B. Planning & Zoning Committee

1. **MOTION:** Laura Meyers moved that the Executive Committee be authorized to develop a short community impact statement regarding the Cultural Heritage Ordinance stating UNNC's support for continuing to protect interiors of existing Historic Cultural Monuments on the same terms as they have for the last 50 years.

John Arnold seconded.

Vote: Approved unanimously.

2. Due to the city budget crisis, the planning department has been particularly hard hit. The Planning Department staff is cut in half as of January 5th.

Gail Goldberg, head of planning, has stopped work on The Accessory Dwelling Unit ordinance that the city was working on to respond to the six year old California legislature action regarding "Granny flats".

A group of West Adams residents met with Ken Bernstein and Gail Goldberg. Gail Goldberg said that her staffing cannot support allowing the pending HPOZs, including Jefferson Park. A proposal to move more HPOZ work to HPOZ boards is being suggested. Applicants should fill out Master Land Use applications at the start, which would reduce HPOZ staff work.

Laura explained a lot of very technical inner workings of the HPOZ board and planning department and options for streamlining that work.

MOTION: Laura Meyers moved that UNNC write a letter, in consultation with the HPOZ boards in the UNNC area, to the planning department proposing that HPOZ related work be streamlined and delegated to HPOZ boards as much as possible in order to save Planning Staff time. No application would be deemed complete until a Master Land Use Plan and detailed and complete plan was filed by the applicant before beginning the review and approval process. This would enable City Planners to go to fewer evening meetings thus requiring less overtime and result in less work for HPOZ boards.

John Arnold seconded.

Vote: Approved unanimously.
